LED Lighting Upgrade for Strata

Located south of the majestic Yarra river in one of Melbourne's most sought after areas, Vogue Apartments is the first true residential-retail complex with 30 levels of over 500 apartments as well as Woolworths and Big W amongst a number of other retail shopping outlets.

Project Goals

As an energy-intensive mixed-use development, Vogue Apartments wanted to reduce their energy consumption, operating costs and lighting maintenance requirements.

Our Solution

The large, single-level car park presented a more complex project delivery with limited workspace. Our expert team of installers worked closely with the onsite management team to deliver the LED lighting solution with no operational disruptions.

82%
of project cost
subsidised

"Our common area energy costs were increasing year on year. When The Green Guys approached us with a LED lighting solution, the offer was simply too good to refuse.

The energy we now use has been reduced significantly and importantly, the ongoing maintenance of having to change tubes is now a thing of the past."

Building Manager – Vogue Apartments

As Australia's leading energy-saving partner, we enable businesses, education, healthcare, and government facilities to achieve sustainability and energy efficiency through LED lighting upgrades, solar and embedded energy solutions.

Why Partner with Us

Nationwide Project Management & Delivery

Proven ROI

Our lighting solutions deliver ROI within 6 months on average and the majority of our solar projects are cash-flow positive within 3 months!

Turnkey Experts

From audit, design, compliance, installation, project management and warranty, we will ensure the results exceed your expectations.

Government Subsidies

Our team will expertly manage the application process to access government subsidies for energy-saving projects on your behalf.

Certified for Excellence

We are certified for Quality Management, Occupational Health & Safety, and Environment with ISO 9001, 45001 and 14001.

Extensive Warranties

All our high-quality products as well as our workmanship come with comprehensive warranties.

The Green Guys Group Integrated Solutions

We provide a full portfolio of energy-saving solutions specifically designed to meet each of our client's unique requirements. Our mission is to provide a seamless journey throughout the project and process to support you in your quest to reduce costs and increase energy efficiencies.
